Min Myat Thura Aung

Full Stack Developer

+959420434417 minmyatthyu68@gmail.com Meiktila, Myanmar

PROFESSIONAL SUMMARY

Full Stack Developer focused on building modern web applications with React, Next.js, Node.js, and databases such as PostgreSQL and MongoDB. Skilled in developing APIs, authentication systems, and responsive user interfaces, with a passion for clean code and solving real-world problems.

EDUCATION

Bachelor of Engineering (CEIT) | Technological University (Meiktila) 2022 - 2026

- Current Standing: Fifth Year
- Specialization: Computer Engineering and Information Technology

SKILLS

Languages :	JavaScript | TypeScript | HTML | CSS | SQL
Frameworks:	React | Next.js | Tailwind CSS | Node.js | Express.js
Tools:	Git | VS Code
Databases:	PostgresSQL | MongoDB | Supabase

EXPERIENCE

Frontend Developer | Department Equipment Tracker (University Project) | 11/2025 – 04/2026

- Developed a responsive equipment management dashboard using React, TypeScript, Tailwind CSS, and shadcn/ui, supporting equipment tracking, search, filtering, pagination, and CSV export.
- Implemented reusable UI components and frontend workflows for adding, editing, deleting, and managing equipment records across multiple categories.
- Integrated the frontend with REST APIs and authentication services, handling API requests, protected routes, and user-facing error states.
